THE CHANCE OF PRESIDENCY FOR DONALD TRUMP

Get to know Trump

UNCOVER

Donald Trump (1946 - Old) is famous for his entrepreneurship and dumb remarks. He is the chairman and President of The Trump Organization which is the only thing going for him. Hang in there buddy, we the people of the United States have your back. Donald Trump is currently running for the presidential office although there could be some difficulty with this as he is yet to release any Federal tax returns stating there are ongoing IRS audits. But at least he does not delete emails like the wicked Hillary Clinton. His comments during the campaign have caused considerable controversy in the United States as well as in the United Kingdom, particularly when he stated that he would ban all Muslims from entering the U.S. Yes he does not make sense, but give him a chance to make America great again. Let the lying coward, Hillary Clinton, see what a person with stamina can do.
